

Confirmation of Organic Content

Product group: CBD/CBG Oils, based on MCT and/or Hempseed oil

As a manufacturer and processor of CBD-containing products, we hereby declare that for all products designated as whole, broad-spectrum or isolated extracts (with the exception of synthetic isolates) are made from leaves of the plant genus Cannabis Sativa L designated in the EU General Catalogue and are therefore of 100% natural origin.

When combined with natural triglyceride MCT or hemp seed oil as a carrier oil, the endproduct is also considered 100% natural.

Products that have been enriched with amino acids are explicitly excluded from this declaration.
